

Inspector Lester says he found nothing wrong at the Lexington asylum.

The ordinance prohibiting high hats in theatres has gone into effect, but the men can still go between the acts.

A lot of French Dooks are having a lawsuit to determine which is heir to the "royal arms" of the French republic.

A large number of the citizens of Louisville met the other day and solemnly resolved to beat their way on the street cars unless conductors are employed and the slot system discarded.

Congressman-elect Wheeler, of the First district, has appointed Miss Lula Flowers, of Paducah, as his private secretary, a position that pays \$100 while congress is in session. The place was tendered to Mott Ayers, who declined it to go into business in St. Louis.

A Frankfort special says it is now settled that Gov. Bradley will appoint a Senator March 5 and then call an extra session later. Maj. A. T. Wood, formerly candidate for Governor, is now tipped for the place instead of Yerkes.

District Attorney Smith continues very ill and Hon. Geo. W. Jolly, the well-known Republican politician, of Owensboro, has been appointed by the President as a special deputy to help Assistant Attorney Arthur Wallace, during the term of Federal Court at Owensboro.

Hon. Chas. R. Long, President of the Louisville Water Company, is in water some degrees hotter than that he furnishes to the public. His company has been indicted, or is threatened with indictment, at Frankfort, for failing to pay a franchise tax to the State.

The Spanish soldiers are now "pacifying" Santa Clara province by poisoning wells and springs. A company of Spanish guerrillas beat the Cubans to a poisoned well last week and 25 were killed. The survivors then re-venge themselves by shooting a number of women and children who know nothing of the poisoning.

The first Kentucky woman ever admitted to the practice of law by the Court of Appeals received her license Friday. She is Miss "Nisba" Breckinridge, a daughter of Col. W. C. P. Breckinridge, personally very attractive, and a very accomplished young woman. The Judges who heard her examination say she stood one of the best ever heard by the court.

The Morganfield Sun announces that it will refuse to be bound by the fusion in Union county, by which the Populists are given only one \$300 office, that of representative. Mr. Lamb, the Populist candidate, was required to pledge himself to go into the Democratic legislative caucus, and to all intents and purposes he will be a Democrat. The Sun explains further in a double-headed editorial that the Populists are in danger of capturing the State, because they have been given the representative in Breckinridge, Hardin, Webster, Henderson and other counties now represented by Republicans and are asking for representative in Hopkins, Caldwell and other counties similarly afflicted. If the Democrats can trade off a dozen or more Republican representatives, Charlie, for ten or twelve Democratic offices for four years in a dozen Republican counties, don't you think it is a sensible thing to do? It may cause some local soreness to give up Union county, but you must remember that the deal adds 200 or 300 Populist votes to the Democratic state ticket and 300 votes would have changed the result last year. The Democratic Committee of Union county has acted wisely and without any sacrifice of principle, for in the great conflict just begun it is the Republicans on one side and the people on the other.

The Courier-Journal's Washington correspondent says Gen. S. B. Buckner was in the House Friday holding a letter at Congressman Hendrick's desk and then adds:

"Gen. Buckner usually registers at the Metropolitan, but this year he is at the Ebbitt, probably because the former hotel is devoted exclusively to the reception of silverites, and the General is not on intimate terms with them these days."

This is drawing it down pretty fine. When a goldbug gets to a point where he will not stop at a hotel that entertains silver men, it is about time for the fool killer to be sent for, to sprinkle some insect powder on him.

A young Christian county farmer, who was adjudged insane, said, as he left the court room, that he had been crazy every since he voted for free silver. —Courier Journal.

Yes, and the same young man, while being tried, threw his arms around Kinney Tyler, the negro turnkey, and kissed him with all the ardor of a lover, exclaiming as he did so: "I never kissed a nigger before and I want to see how it goes." He seems to have taken the usual route to renounce free silver.

There is just a little danger that the World's Fair business may be overdone in the country. We have had Chicago in 1893, San Francisco in 1894, Atlanta in 1894, Augusta in 1895, will have Nashville in 1897 and now comes Omaha with the announcement of a "Trans-Mississippi Exposition" in June 1898.

Dr. Bradley in Trouble.

Dr. S. A. Bradley and R. O. Ellingsworth were arrested this morning by Corporal Feeney and Police-man Holden and taken to Central station, where they were charged with disorderly conduct. The officers were attracted to the lively stable, which is kept by Bradley, on Green street, between Sixth and Seventh. Upon going into the office they discovered the two men fighting. When the officers entered they found Bradley with a pistol in his hand. The two men were taken to the station house, where Dr. Bradley stated that Ellingsworth had come into the stable and there began quarreling. The quarrel grew into a fight and Dr. Bradley struck Ellingsworth over the left eye. Neither party would state the cause of the fight. Ellingsworth is Bradley's stepfather. The two men were taken into the City Court, and the cases were continued until to-morrow morning. —Louisville Post 22nd.

He and his family had just moved into their new home in Wall's addition. He leaves a wife, a son and a daughter. At the time of his death he was working in the Broadbush machine shops. Mr. Oliver was the father of Abner Oliver, one of the principals in the famous Oliver-Delaney tragedy. —Morganfield Sun.

"Bud" Garth in Trouble.

Elkton, Ky., January 23.—"Bud" Garth, a rather famous Todd county character, was arrested by the Marshal of Trenton yesterday charged with stealing \$7 from J. B. Burton, a butcher of that city. Garth was held in a \$250 bond for Circuit Court, which, failing to give, he was placed in jail at this place. Garth is just out of the penitentiary, where he served a term.

Scott's Emulsion

is made up of the most essential elements that go to nourish the body. Where the appetite is varying or lacking, it increases it, and where digestion is weak, it aids it to perform its function in a more vigorous way. It enriches the blood, makes healthy flesh and cures chronic coughs and colds by making it possible for the body to resist disease. Our friends tell us "IT WORKS WONDERS" but we never like to over-state the merits of our remedy even when it has been tested and tried for over twenty-five years. If you will ask for it, we will send you a book telling you more about the subject than we can put in a few words.

Go to your druggist for Scott's Emulsion. Two sizes, 50 cts. and \$1.00.

SCOTT & BOWNE, New York.

On the night of the 26th, Edward Batten Perry, the pianist, will give a recital at Bethel Female College.

In his professional work, Mr. Perry's specialty is the lecture recital; that is a regular concert programme of piano works, accompanied by an informal lecture, centering chiefly about the compositions presented, but touching incidentally upon all points of interest in the lives and characters of the great Masters, and running into the fundamental principles of art and aesthetics.

In his remarks, Mr. Perry impresses upon his hearers, with strong and stirring emphasis, the dignity and value of music from a genuine art standpoint, and of art from the standpoint of humanity, thus securing from his hearers a keener interest and a more profound attention. His appearance here will be a real musical treat.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Uncle Josh Spruceby Coming.

A New England comedy, "Uncle Josh Spruceby," will be presented at the Opera House on next Friday evening January 29th. The play is something appealing to human nature and in its freshness lies the secret of its success. There are no overdrawn scenes or actions, but a truthful and natural picture of New England life. The central figure is of course, "Uncle Josh," the honest old New England farmer, whose quaint humor and rustic simplicity keep the audience in an uproar continually. Special scenery and effects will be introduced, including the wonderful realistic sawmill scene. The funny street parade takes place at noon and the "Hayseed" band will no doubt be watched for with interest. Seats on sale at Galbreath's.

Negro Killed a White Man.

Russellville, Ky., January 22.—Joel Conn, aged 32, the son of Charles Conn, one of the wealthiest farmers in Southern Kentucky, was killed last night near Black Jack, Tenn., just across the state line. Conn, with a party of ten or twelve, had gone to a negro's house to warn him to leave the county.

As the party was turning away from the house, after giving the durkey notice to leave, Conn was shot down from an upper window by Geo. Dunning, and his companions fled. The negro was accused of stealing meat from his neighbors.

Dunning surrendered to the sheriff of Simpson county Friday evening and was taken to Bowling Green to avoid the danger of a mob.

Woman's Work

Is never done, and it is especially wearing and wearisome to those whose blood is impure and unfit properly to tone, sustain, and renew the wasting of nerve, muscle and tissue. It is more because of this condition of the blood that women are run down.

Tired, Weak, Nervous, Than because of the work itself. Every physician says so, and that the only remedy is in building up by taking a good nerve tonic, blood purifier and vitality like Hood's Sarsaparilla. For the troubles Peculiar to Women at change of season, climate or life, or resulting from hard work, nervousness, and impure blood, thousands have found relief and cure in

Business men should leave word at their homes if they want their houses numbered. Trouble is being caused the census takers to do this and the work of numbering is being delayed. BE SURE AND LEAVE WORD AT YOUR HOUSE.
